

APRL Sponsorship Opportunities

Who We Are

The Association of Professional Responsibility Lawyers (“APRL” pronounced April) is comprised of more than 400 lawyers, law professors and judges holding an interest in lawyers’ professional responsibility, legal ethics, legal malpractice, and the evolving law of lawyering, primarily through the application of the rules of lawyer ethics to the practice of law.

The majority of APRL members provide advice to lawyers on legal ethics issues, defend lawyers in discipline matters or civil malpractice cases, act as expert witnesses, teach professional responsibility courses in law schools, or perform ethics-related functions in law firms.

Our Impact

Your support of APRL provides the resources to continue our mission to improve the practice of law through the development and promotion of adherence to sound rules and regulation of the legal profession.

Member Benefits

- **Listserv** - an invaluable resource open to members. The listserv is a place for open discussion where members can solicit input on substantive topics of interest in the area of rules and principles of legal ethics applied to the practice of law. The listserv also permits APRL members to keep abreast of current events in the practice as well as quick research help from peers across the country.
- **Meetings** - The organization holds meetings twice a year, generally in the same city and near the time of the ABA annual and midyear meetings. Meetings feature discussion of a variety of topical professional responsibility and legal ethics issues by preeminent leaders in the field. The biannual meetings provide fun social events for networking. Periodically, APRL holds meetings internationally and has previously held them in Paris, Amsterdam and China.
- **Website** – The website provides a directory of members and furnishes a wealth of information about APRL. On the Members portion of the website, we offer topical and relevant information and a variety of resources on lawyers’ professional responsibility, legal ethics, legal malpractice and the law of lawyering.
- **Public Position on Professional Responsibility and Legal Ethics** - The Association takes public positions on matters pending before the executive and legislative branches of government. In terms of the judiciary, APRL provides testimony and input before the judiciary and, in appropriate cases, it files amicus curiae briefs. It also furnishes input and opinion relating to legal ethics matters before the American Bar Association and other bar organizations on professional responsibility matters.

When you sponsor at an APRL conference, you will have one-on-one opportunities to connect with the 80-100 attendees over the 3-day conference.
